CHINA TECH: INTERNATIONALIZATION AND HIGH- QUALITY DEVELOPMENT

Chinese tech firms are increasingly internationalizing their operations. Having thrived amidst tough competition and established a strong base in their native market, companies like BYD and Alibaba are increasingly looking to expand into the US, Europe and Southeast Asia.

BYD has ramped up its overseas operations, with international sales exceeding 242,000 new energy vehicles¹ in 2023 and it plans to ramp up its European presence with a new production facility in Hungary. This breakneck momentum continued through the last month of December, where BYD sold 36,095 vehicles overseas a 3x multiple from a year ago.

In the ecommerce space, Alibaba has expended effort in repivoting AliExpress towards Choice, a similar product and experience as PDD's Temu. Since launching in February 2023, AliExpress Choice has seen strong success in Korea where gross merchandise value grew +88% YoY in Q3 2023 and likely accelerated to +163% YoY in Q4 2023 according to WiseApp data².

“We will deepen reform and opening up across the board, further enhance people's confidence in development, promote vibrant development of the economy, and redouble efforts to boost education, advance science and technology and cultivate talents.”

- **Xi Jinping, President of China³**

The Chinese government continues to make high-quality development a priority, with Xi Jinping emphasizing in his new year's speech that they will redouble efforts to boost technology. The government has also issued new guidelines to improve the way in which Chinese party officials interact with entrepreneurs and the private sector in order to improve confidence. Recent events indicate that the government is serious:

When regulators surprised the market in December 2023 with new caps on online gaming spend, the government quickly softened its tone with the National Press and Publication Administration approving 105 games and pledging to consider market feedback carefully. The resignation of top regulatory official Feng Shixin⁴ further highlights that the Chinese government has increased its sensitivity to the needs of private investors.

This advertisement or publication has not been reviewed by the Monetary Authority of Singapore. It is for information only, and is not a recommendation, offer or solicitation for the purchase or sale of any capital markets products or investments and does not have regard to your specific investment objectives, financial situation, tax position or needs.

You should read the prospectus and Product Highlights Sheet of the Lion-OCBC Securities Hang Seng TECH ETF ("ETF"), which is available and may be obtained from Lion Global Investors Limited (LGI) or any of its distributors and appointed Participating Dealers ("PDs"), for further details including the risk factors and consider if the ETF is suitable for you and seek such advice from a financial adviser if necessary, before deciding whether to purchase units in the ETF.

Investments in the ETF are not obligations of, deposits in, guaranteed or insured by LGI or any of its affiliates and are subject to investment risks including the possible loss of the principal amount invested. The performance of the ETF is not guaranteed and, the value of its units and the income accruing to the units, if any, may rise or fall. Past performance, payout yields and payments, as well as, any prediction, projection, or forecast are not necessarily indicative of the future or likely performance, payout yields and payments of the ETF. Any extraordinary performance may be due to exceptional circumstances which may not be sustainable. Dividend distributions, which may be either out of income and/or capital, are not guaranteed and subject to LGI's discretion. Any such dividend distributions will reduce the available capital for reinvestment and may result in an immediate decrease in the net asset value of the fund. Any references to specific securities are for illustration purposes and are not to be considered as recommendations to buy or sell the securities. It should not be assumed that investment in such specific securities will be profitable. There can be no assurance that any of the allocations or holdings presented will remain in the ETF at the time this information is presented. Any information (which includes opinions, estimates, graphs, charts, formulae or devices) are subject to change or correction at any time without notice and are not to be relied on as advice. You are advised to conduct your own independent assessment and investigation of the relevance, accuracy, adequacy and reliability of any information or contained herein and seek professional advice on them. No warranty is given and no liability is accepted for any loss arising directly or indirectly as a result of you acting on such information. The ETF may, where permitted by the prospectus, invest in financial derivative instruments for hedging purposes or for efficient portfolio management. **The ETF's net asset value may have higher volatility as a result of its narrower investment focus on a limited geographical market, when compared to funds investing in global or wider regional markets.** LGI, its related companies, their directors and/or employees may hold units of the ETF and be engaged in purchasing or selling units of the ETF for themselves or their clients.

The units of the ETF are listed and traded on the Singapore Exchange Securities Trading Limited ("SGX-ST"), and may be traded at prices different from its net asset value, suspended from trading, or delisted. Such listing does not guarantee a liquid market for the units. You cannot purchase or redeem units in the ETF directly with the manager of the ETF, but you may, subject to specific conditions, do so on the SGX-ST or through the PDs.

2023年第四季度回顾

中国科技： 国际化与高质量发展

中国科技企业正日益走向国际化。比亚迪和阿里巴巴等公司在激烈的竞争中不断发展壮大，并在本土市场打下了稳固的基础，同时正越来越多地寻求向美国、欧洲和东南亚市场扩张。

比亚迪加强了海外业务，2023年国际新能源汽车销量将超过242,000辆¹，并计划在匈牙利建立新的生产设施，加强在欧洲的业务。这一迅猛势头一直持续到12月份，比亚迪的海外销量达到36,095辆，是去年同期的3倍。

在电子商务领域，阿里巴巴致力于将全球速卖通业务重新定位为速卖通精选（AliExpress Choice），这是一款与拼多多旗下跨境电商平台Temu相似的产品和体验。自2023年2月推出以来，全球速卖通精选在韩国取得了巨大成功，根据WiseApp的数据²，2023年第三季度的售卖商品总值同比增长88%，到2023年第四季度可能会加速至同比增长163%。

“我们将全面深化改革开放，进一步增强人民的发展信心，促进经济蓬勃发展，并加倍努力促进教育、科技进步和人才培养。”

- 中国国家主席习近平

中国政府坚持将高质量发展作为优先事项，习近平在新年致辞中强调将加倍努力推动科技发展。中国政府还发布了新的指导方针，旨在改善中国政党官员与企业家和私营企业的互动，从而增强信心。最近发生的事件表明中国政府的态度是认真的：

2023年12月，监管机构对网络游戏消费设置了新的上限，这一举措令市场大吃一惊，但很快政府语气上有所缓和。国家新闻出版署批准了105款游戏，并承诺将认真考虑市场反馈。中宣部出版局局长冯士新⁴遭免职，进一步凸显了中国政府越来越关注私人投资者的需求。
